RE: *Church of Scientology International v. Armstrong*
[Former Marin County Superior Court No. 152 229]
Los Angeles Superior Court
Case No. BC 052 395

Dear Ms. Bartilson:

I am receipt of your letter dated July 7, 1992, regarding your claim the Mr. Armstrong is violating Judge Sohogian's preliminary injunction because I again represent the Aznarans.

I reject your attempt to penetrate the inner sanctum of my law practice, force a waiver the attorney work product privilege, and set yourself up as some type of monitor of my law practice by requesting that I inform you of "what steps [I] have taken and will continue to take to ensure that Armstrong does not aid [me] in my work" against Scientology.

As to your veiled threat of suit for tortious interference with the contract between Scientology and Gerry, such an effort not only would be a misguided attempt to interfere with my contracts with my clients but an effort to deprive Armstrong of his Sixth Amendment right to counsel.

I have and will do my best to avoid any violations of Judge Sohigian's somewhat cryptic and difficult to enforce order. Based upon the confidentiality required to run my law practice, particularly with respect to your clients' ongoing efforts to intrude and invade the same, you will simply have to take my word for it.

Sincerely,

FORD GREENE
